

N.E.U. PRACTICE FIELD REQUEST SPRING _____ Fall _____ Year _____

Teams must apply for their practice field each season.

Please do not use a field on a day or at a time for which you do not have the permit.

Please complete this form, so that NEU will have a record of where and when your team will practice. This information is needed to assure that teams have permission to practice at that location, and to assure that insurance coverage is in effect.

If you practice at a parochial school field, a city park or on private property, please indicate the name of the person who gave permission for your team to practice on that field.

You must indicate the day or days your team will practice, as well as the starting and ending time. Please remember that more than one team may be assigned to a field at the same time. Coaches and teams are expected to share the goals. If other teams are scheduled at the same time, please work it out with the other coach so that both teams get practice time using the goal or goals. **We do not have enough fields available for every team to have the field and goals for their entire practice.**

Who gave permission for you to practice at this location (if not NEU)

Pony teams are expected to practice in grassy areas, leaving the field and goals for older teams.

PLEASE ALSO REMEMBER THAT SCHOOL FUNCTIONS HAVE PRIORITY FOR FIELD USAGE. The SMSD may pull a permit for a day in which the field is in use for school activities. Permits may also be pulled if the field is left littered with trash. Please pick up any trash before you complete your practice.

NEU pays the SMSD and Miege for the use of their fields. Please do ask for admittance to school buildings to use restrooms, get a drink, etc. We have permits for the FIELD only.

NEU does not always get a permit for every day for every field.

If you find that you need to change the day or time of your practice, contact David Adel before making the change.
